One of the strongest evidences of the rapid and radical advance made in economical propulsion and greater cargo carrying capacity of steamers lying up in Gareloch, on the Clyde. Among the largest and most modern steamers lying idle in the Gareloch are the Alaska and Arizona, of the Union fleet; steamers Manitoban, Nestorian, Prussian, Caspian and State of Alabama, of the Allan and State Line; the Circassia, Caledonia, Devonia

and the ill-fated Utopia, of the Anchor Line, as well as the Loadan, Arecune, City of Richmond, Dunbar Castle, Dodona, Flos, etc., variously owned.—Exchange.

Seattle's New Drydock.

SEATTLE, Wash., Nov. 12.- The government dock at Port Orchard will be completed this week. It is expected that the great gate will be placed | S. S. "WARRIMOO".......November 24 be the last work done on the dock. Dredging for the channel leading for the sound to the entrance of the dry dock is well under way, though this is not part of the original contract. Messrs. Byron, Barlow & Co. are the builders.

It is probable that the officers of the miral R. A. Beardslee of the Pacific Theo. H. Davies & Co., Ltd. squadron will, according to a dispatch received by General Metcalf this morning, arrive on Friday, and will participate in the exercises conseand wife, Rev S H Davis, V A Vettlesen, C quent upon the completion of the dry Meinecke, G Maxwell and wife, D H A Lindley, H Schultz, W H Crozier, Miss Everett today.

Prof. W. H. Peeke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than anyliving Physician; his success is astonishing. We have heard of cases of 20 years'standing cared by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P.O. and Express address. We advise anyone wishing a cure to address Prof. W. H. PEEKE, F. D., 4 Cedar St., New York.

moderate.

OF INTEREST TO MANAGERS OF PLANTATIONS.

A Model Plant is not complete without Electric Power, thus dispensing with

small engines. Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pumps, Centri-fugals, Elevators, Plows, Railways and Hoists; also furnish light and power for

a radius of from 15 to 20 miles. Electric Power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power. THE HAWAIIAN ELECTRIC COMPANY notice, and also has on hand a large stock of Wire, Chandeliers and all Elec-

trical Goods. All orders will be given prompt attention, and estimates furnished for, Lighting and Power Plants; also attention is given to House and Marine Wiring. THEO. HOFFMANN, Manager.

G. WEST.

Carriage Materials Of Every Description, including

WHITE-WOOD LUMBER,

pokes, all sizes; Savern Wheels, Wood Hub Wheels, Sawed Felloes, Bent Rims from I to 22 inches. Dump-Cart Shafts, Wagon Poles, Double Trees, Single Trees,

Wagon and Cart Hubs, all sizes.

And a Full Assortment of Trimmers' Materials, Carriage Hardware, Norway Iron,

and Steel Tires. Having a long experience in the carriage business I am prepared to supply carriage builders, plantations, etc., with first-class materials, personally selected, at the very lowest cash prices.

All Island orders will receive promps MASONIC BLOCK, Corner Alakea and Hotel Streets,

Telephone No. 350.
